¹ Use value taxation applies only within agricultural and forestall districts.

Transfers (>): The data used for estimating the use value of agricultural land are not published for all towns and for only a few of Virginia's independent cities. When data does not exist for a town or city participating in the use value taxation program, the estimated use values from an adjacent or surrounding county are used. This process is referred to as transferring-in. Transferring-in is also used for jurisdictions with large areas of land lying in more than one physiographic region, for example coastal plain and piedmont. When a transfer-in jurisdiction has been used, it appears after an arrow (>).
